“I was able to work full time while attending

Catherine Hinds Institute of Esthetics.

Thanks to the continuing support of the staff, I now have my own successful salon! The possibilities are endless when you graduate and the experience I gained in the public clinic was **invaluable.**”

YOU CAN BE SITTING PRETTY AS AN ESTHETICIAN

Everyone wants to look and feel good, right? Magazines, TV, Websites, Commercials: they all talk about skin care. An esthetician is someone who is trained to provide professional skin care.

According to the U.S. Bureau of Labor Statistics, skin care is one of the fastest-growing occupations. The **Catherine Hinds Institute of Esthetics** was the first esthetics school in the U.S. to be accredited by the Accrediting Commission of Career Schools and Colleges of Technology.

With technical and hands-on training in age management treatments and science-based esthetics, you could become a skin care specialist, spa therapist, make-up artist, esthetics instructor, manufacturer's rep, beauty editor or columnist, state examiner, or salon and spa owner.

As a graduate of the **Catherine Hinds Institute of Esthetics**, you'll be sitting pretty as an esthetician...wherever life takes you.
